

SQL Server environment setup and loading Chinook dataset

Name: Riya Patel

NUID: 002059816

The image shows two screenshots of the Microsoft Azure portal. The top screenshot displays the 'Overview' page for a deployment named 'Microsoft.SQLDatabase.newDatabaseNewServer_fda69df14ead4d6e99b79'. It indicates that the deployment is complete, with details such as the deployment name, subscription (Azure for Students), resource group (Fall2025), start time (10/1/2025, 5:10:33 PM), and correlation ID. The page also includes sections for 'Deployment details', 'Next steps', and 'Go to resource'. On the right, there are links for 'Cost management', 'Microsoft Defender for Cloud', and 'Free Microsoft tutorials'.

The bottom screenshot shows the 'Overview' page for a specific SQL database named 'DAMG7370FALL2025 (fall2025-sqlserver/DAMG7370FALL2025)'. It provides essential information about the database, including its resource group (Fall2025), status (Online), location (East US 2), subscription (Azure for Students), and subscription ID (cd8fea4f-fe86-484d-af45-532a9698698c). The page also includes a 'Getting started' section with links to 'Configure access', 'Connect to application', 'Start developing', and 'Mirror database in Fabric'.
